well don't you know that I danced, I danced playin' under the tree  
 as~ I held on tight, to my ukulele,  
 well we were swingin' on track, like nobody could,  
 and we were dancin' all over the tunes.

well don't you know that the people were yellin' cos' they were glad  
 we were the swingin'est band they had ever had.  
 the swingin'est song there could ever be  
 & it all happened on a ukulele

*< CHORUS >*  
 and let me tell ya that, I never had it so good and-  
 I'm surely knowin' you never have could  
 Until you get hip honey with that Jive  
 and take the band past the east beach live.

*no chord*
